INTERVIEW WITH RUSK.

SHORT CROPS ANTICIPATED IN THE JUNE REPORT.

Does Not Think the Crops Will Have Any Material Effect Upon the Money Market—Other Causes at Work.

WASHINGTON, September 13.—Secretary Rusk in an interview upon the excitement in the grain markets caused by fear of short crops, said: "Of course the fact that there was a slight falling off in the quantity of crops had an effect upon the markets but the tendency has been upward as far as prices are concerned on all cereals. I attribute the increase to other causes than a shortage in the crops. The statement that this has been the lightest yield for twenty years I can't agree with. The shortage in the yield of some cereals was anticipated in the June report.

"You don't apprehend any squeeze?" "Why, not a bit. Governments have considerable influence in checking any contemplated corner, and everybody is enabled to know the precise condition of the crop."

"Is it a fact that the report is the most unfavorable ever issued?" was asked.

"Not at all. The cotton crop is extraordinarily good. Oats are probably lower than they have been for twenty years, but that is the only weak point with the exception of the barley crop, which was very prolific last year, however."

"How is the quality?" "Uniformly fair, except, as I have said, with oats, which are not only short, but in poor quality."

REVOLUTION IN SWITZERLAND.

Troops Sent to Quell the Disturbance. New Council Organized.

BERNE, September 13.—In Canton Fribourg no further disorderly demonstrations have been made. The Federal authorities taken prisoners by the insurgents are still held in custody, the captors fearing if they released the officers they may be murdered by the populace.

The Federal Council hope to arrive at a compromise with the leaders of the insurrection by arranging to equalize legislative representation.

BRUNNEN, September 13.—Revolutionists in Canton Ticino have formed a provisional government and convoked a popular assembly which declared the existing Government and Grand Council dissolved. They ordered general elections for next Sunday. The insurgents hold Lugano, Mondirano, Chiasso and Locarno.

The Bundesrath, having been hastily called in extra session, ordered Federal troops sent to the seat of disorder.

The populace support the insurgents, who arrested Councilor Ocelli, the Federal Commissioner who had received instructions to annul a decision of the provisional government and the vote of the popular assembly.

The Liberals have occupied the town stations on the St. Gothard Railway. A counter revolt is feared.

BRUNNEN, September 13.—The revolt has collapsed. It has been agreed that the question of the revision of the constitution be submitted to a popular vote.

A HEAVY-WEIGHT MILL.

Jack McAuliffe Declares It a Draw After the Tenth Round.

NEW YORK, September 13.—The much talked of ten round battle between the heavy-weights, Mike Brennan, champion of Montana, and Tommy McCarthy, of Buffalo, champion of western New York, took place tonight in a quiet New Jersey town.

McCarthy had the advantage in height and reach, standing six feet, weighing 185 pounds to Brennan's five feet, nine inches and 171 pounds. McCarthy led and planted several hard left-handers on Brennan's stomach. Brennan played for the head, but McCarthy easily avoided them. In the third round Brennan caught his man on the nose and drew first blood.

The fighting then became uninteresting and after the tenth round Jack McAuliffe declared the match a draw.

THE PARSON WEAKENED.

Reverend Arney Says He Will Never Race Horses Again.

MUSKOGEE, Mich., September 13.—The committee appointed by the Methodist Episcopal Conference to investigate Pastor Arney's horse racing case reported today. Mr. Arney, quite at variance with his threats, confessed having committed a very imprudent act when he participated in a horse race. He sincerely regretted the notoriety caused by it. He kept horses for personal pleasure and exercise and the possibility of profits and profits by their sale, after being properly trained. He added that as long as he lived he would never again engage in horse racing. The Conference accepted the report and Arney's character was allowed to pass.

Arranging for Settlement.

SYDNEY, September 13.—Representatives of the labor unions are holding a private conference for the purpose of deciding upon a basis upon which to approach employers with a view of effecting a settlement. In consequence of the strike 7000 men are out of work in the New Castle district. At Melbourne the strikers in the shipping trade are weakening and the military force will be reduced.

Stage Robbery in Oregon.

PORTLAND, September 13.—United States Marshal Herrin today received a letter from the postmaster at Fort Bidwell, Cal., stating that the stage on the route between Blitzen and Dearmond in Lake County, Ore., was held up and robbed by a masked highwayman September 4. It is not known what amount was secured.

Snow in the Northwest.

HALLCOCK, Minn., September 13.—The rain which has been falling since Wednesday night turned to snow this morning. Farmers are afraid wheat will sprout in shock. An inch of snow is reported at St. Vincent. Threshing is not over and much wheat will be lost in Red River valley.

The Sultan of Morocco's forces have had a battle with the Zemmoners in which the latter were defeated with heavy loss. The Zemmoners were taken by surprise and were completely routed, their famous chief Channon being captured.

Fire started in a store at St. Marie, Ontario, at 11 p.m. last night. It spread rapidly and for awhile the entire city was in danger of destruction. The fire department was small and unable to control the flames until after a number of buildings were burned.

W. B. Taylor, tried and convicted in the United States District Court at San Francisco for cruelty to seamen, was sentenced yesterday by Judge Hoffman to a year's imprisonment in the Alameda jail and to pay a fine of \$100. The complainant was Captain Olanzon Ford, of the American ship St. Paul.

A dispatch to the London News from Odessa says a panic prevails among the South Russian grain exporters, owing to the unprecedented rapid rise in the value of roubles. The whole Russian export trade is demoralized, and though the harvest is good, two Southern exporters have already failed. The government policy of raising the tariff is suicidal.
